

**Fourth Conference on:
Opportunities and Challenges of Sustainable Development
Within the Context of the GCC Integration**
Muscat, Sultanate of Oman
Sunday - Monday 19/20 December 2010

The Omani Economic Association, with the participation of Gulf Economic Association, is organizing its fourth conference on Sunday - Monday 19-20 December 2010 on: **Opportunities and Challenges of Sustainable Development within the Context of Gulf Integration**. It is well established that the GCC encounters various challenges which are capable of directly affecting the performance of economies of member states. These challenges are manifested in ones related to education , its impact on Gulf human capital , the integration among GCC economies, and the requirement of such integration. There are many challenges facing GCC, chiefly among which are security, social and political. However, we in the Omani Economic Association will focus on the hurdles of developmental nature which need to be understood and tackled in order to compliment the process of integration and development within GCC.

Conference General objectives:

The conference aims at discussing the main challenges facing the economies of the GCC and then suggests ideas to overcome such challenges in order to achieve a sustainable economic growth of the same.
